OUR GREAT OFFER No. 1.

FINE TABLE SILVER-WARE. A GREAT OFFER!

By the invention of the DynamoMachine, Electro plating is now done in one-fourth the time formerly occupied and the silver being deposited so rapidly is in consequence harder and more serviceable. It is an open secret that the cost of manufacturing plated goods has thus been greatly reduced, tho' most manufacturers are loathe to admit this fact and still maintain their former prices. Having been among the first to adopt the new method, we now claim to be **the first to give the public the benefit of it** and furthermore we propose during the Holidays or the next ninety days—perhaps longer—to sell our goods directly to the consumer (those who buy for their own use) in sets or single pieces at the lowest wholesale prices and we make this public announcement of the fact for the benefit of the public, and that dealers may have no cause of complaint against us; we would like their trade but give them this notice; that no lower prices than are quoted herewith will be allowed them though they buy in ever so large quantities. We call attention to the set of Elegant Table Silverware illustrated above; we have had a large number of these sets made and expect to sell an immense number of them, as we are now enabled to put the price so low (less than half the former prices) that almost any housekeeper, though in moderate circumstances can afford to adorn her table with a set of this Elegant Silverware. These goods cannot be excelled for elegance of design, or beauty. It is all made of the best White Metal and is heavily plated with pure **Coin Silver** and we will warrant it equal in every respect to the Standard Ware of any other manufacturer. Upon receipt of **only Six Dollars,** we will send by express, to any address, the five pieces represented in the above illustrations, viz.: No. 1. **SUGAR BOWL**—Exquisite in design and workmanship. No. 2. **CAKE BASKET**—Elegant (new model. No. 3. **DINNER CASTER**—(5 engraved bottles), very handsome. No. 4. **BUTTER DISH**—Very beautiful design, with patent tray. No. 5. **SPOON HOLDER** graceful and elegant design. The above cuts represent the ware as accurately as possible, but do not do it justice. Remember, we send the entire list of **five pieces** by express, securely boxed, packed, and guaranteed to reach their destination in perfect condition, upon receipt of **only Six Dollars;** or we will send them C. O. D., provided One Dollar accompanies the order, the same to be deducted from the bill. Or we will send your choice of any one of the five pieces, securely boxed and packed, by express, upon receipt of $1.50, and you may have the privilege of sending the balance, $4.50, for the remaining four pieces in the set, after you have received the first. This is a rare opportunity to secure a magnificent set of Silverware. We have establish a Salesroom in New York City, at 47 Barclay Street, where our goods will be found on exhibition, and if you are in the city we would like to have you call and see them for yourself, or if you have a friend or acquaintance in New York, please ask them to call on us and examine the ware for you. The articles are all full size, as will be seen by the dimensions given above. Do not be deceived by inferior plated ware, as each piece manufactured by us has the **Standard Silver Company** stamped plainly upon it. Any person buying this ware, and not being perfectly satisfied, can return it, and his or her money will be refunded. We sell these goods in large or small quantities and directly to persons who buy them to use themselves and not to sell again. The person who orders a set of this ware gets it therefore at the manufacturers' price, and saves the profits usually made by the wholesaler and jobber.

We make no lower prices to any one except to those who wish to get their neighbors or friends to send with them. In that case and when they order three sets of the above goods at one time, we make a discount of ten per cent. on the whole lot. To illustrate: any person sending an order for three of the $6 sets at one time need send only $16 20, or if they wish to have them come C.O.D., they can send $3 in advance and pay the balance, $13 20, when the goods are delivered. If they order three of the $8 sets at one time they need send only $21 60, or if they wish to have them come C.O.D., they must send $6 in advance, and pay the balance, $15 60, when the goods are delivered. Persons who wish to buy to sell again, had better order in this way—three sets at a time. There is not a single piece in the set that will not retail at sight for $3.
